

Mobile Folding Tables
from BioFit®

Reshape Your World.

Dedicated to Design.
Committed to Quality.

Reshape Your Thinking.

Today's environments are all about using space efficiently without sacrificing style. BioFit has a full line of mobile folding tables that help you do just that. From more traditional tables to those that make a bold statement, BioFit has a style that fits you. And with so many variations to mix and match, your only limit is your imagination.

**Dedicated to Design.
Committed to Quality.**

biofit.com | 800.597.0246

Reshape Your Expectations.

Exciting design is just the beginning of the BioFit difference. Our full line of folding tables is built to meet the needs of today's workplace—mobile, easy to use, and tough enough to stand up to whatever comes their way. All BioFit mobile folding tables are engineered for durability and designed to meet ergonomic standards, helping to ensure more comfortable, more productive interactions for the people who use them. It's our commitment to rugged engineering that enables us to offer one of the best warranties in the business.

All BioFit tables are GREENGUARD® Indoor Air Quality and Children & Schools Certified.

The product is listed by Underwriters Laboratories, Inc. Representative samples have been evaluated by UL and meet applicable UL Standards and requirements. Exception: Fold-N-Roll: Round, Octagon, Square, Hexagon and Oval.

BioFit tables are warranted to the original purchaser against mechanical or structural failure due to defective material or workmanship for 13 years of normal use.

BioFit reserves the right to recondition or replace any units covered by this warranty. Freight, loss of use, and any other consequential damages are not covered. All return shipments require written authorization and must be freight prepaid unless otherwise approved in writing.

BioFit takes its warranty, repair and maintenance responsibilities very seriously. Efforts by unqualified personnel to perform repairs on BioFit products can result in dangerous conditions which can lead to serious bodily injury. Any attempt to modify, alter or make unauthorized repairs to BioFit products may not only seriously jeopardize the safety of the user, but will void this warranty in every respect.

EdgeScape™ Designer Series

The Afton™

Design that flows as easily as the conversation.

The uniquely curvaceous shape of the Afton is inspired by the river in Scotland, and its design will inspire you as well. The table's ebb and flow facilitates interaction, making it ideal for cafeterias, food courts, breakrooms, meeting areas and more.

- Available in 10- and 12-foot lengths and two heights
- GREENGUARD® Indoor Air Quality and Children & Schools certified, UL-listed
- Featuring durable, ergonomic 13" round ABS seats
- ADA-compliant model available

Easy for a single person to fold and move—that's just one Afton advantage.

SPECIFICATIONS

10' models with 13" round ABS seats. Provides 20" of space for each occupant.

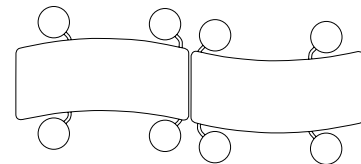

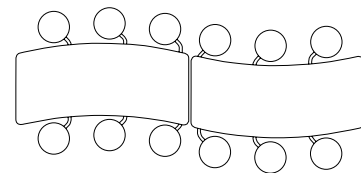

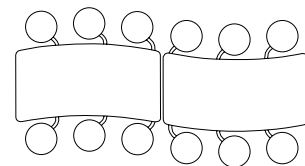

Length	Height Open	Height Folded	Seat Height	# Seats	Weight	Powder #	Chrome #

All dimensions are nominal. The Afton table is patent pending. See Page 19 for Features and Options.

EdgeScape™ Designer Series

The Avant™

Patented
Design

A multifaceted approach to group seating.

The shape of the Avant is sure to get people talking, and its patented design will make that conversation even easier. The Avant table is perfect for cafeterias, food courts, breakrooms, meeting areas and more—anywhere people gather.

- Available in 10- and 12-foot lengths and two heights
- GREENGUARD® Indoor Air Quality and Children & Schools certified, UL-listed
- Featuring durable, ergonomic 13" round ABS seats
- ADA-compliant model available

The Avant's engineering takes you from seating to rolling in seconds.

SPECIFICATIONS

10' models with 13" round ABS seats. Provides 20" of space for each occupant.

All dimensions are nominal. The Avant table is protected by US Patent No. D639,572. See Page 19 for Features and Options.

10-Seat Oval

Patented
Design

Seat 20% more students in the same space.

The design of BioFit's patented 10-Seat Oval Table reduces noise, aids communication and improves space utilization. Its attached seating and easy folding bring function and mobility to cafeterias, training settings and more.

- Attached seating with 13" round ergonomically shaped ABS seats
- Also available in 6- and 8-seat ADA-compliant configurations
- Low center of gravity when folded ensures stability
- Six casters create wide wheelbase, and ensure table tracks in a straight line
- GREENGUARD® Indoor Air Quality and Children & Schools certified, UL-listed

BioFit's ABS seats not only complement your décor, they're also built kid-tough.

Choose from a variety of sizes to suit any sitter, from larger adults to little ones.

SPECIFICATIONS

27" high, oval (98" x 87") with 13" round ABS seats. Provides seating for 10 younger students.

AdapTable™

The furnishing you need, when you need it.

This convertible bench/table system is ideal for settings from training and testing facilities to auditoriums, gymnasiums and food courts.

- Can be quickly configured for use as a bench with backrest or table
- Available in 6', 7' and 8' models
- Nests together easily to save storage space
- Folds and rolls easily for repositioning or storage
- GREENGUARD® Indoor Air Quality and Children & Schools certified, UL-listed

Get the size and the height to meet your space's needs—the AdapTable truly lives up to its name.

Patented magnets* give you the power to hold units together firmly, yet they can be easily separated without disassembly.

Patented Magnets

Fold it up and roll it away in seconds—one more way the AdapTable adapts to fit you.

Engineered Features for BioFit Tables

Backed by a 13-year Warranty. BioFit's warranty means you can rest easy.

GREENGUARD®-certified. All BioFit tables are GREENGUARD® Indoor Air Quality and Children & Schools certified for low volatile organic compound emission levels.

Recessed Vertical Hinge. Many of BioFit's tables have an automatic locking mechanism which ensures your table stays closed and stable when in the folded position. Please note that this locking mechanism is not on the AdapTable, Fold-N-Roll, or 10 - Seat Oval tables. Torsion bar assist is utilized on large table models that

allow for easy folding by one person. The one inch safety gap between top halves (excluding the AdapTable) prevents trapped food and bacteria, plus offers protection against pinched fingers.

14-Gauge Steel Frame. One-piece, robotically welded for uniform strength.

Exclusive ComfortRim™ Edge Profile. Gentle on forearms, enhancing user comfort.

Food- and Bacteria-resistant Edges. Tough, protective coating surrounds the edges of table tops and bench seats.

Wheels. Non-marring, industrial grade neoprene wheels ensure smooth, easy handling.
